

Towards Hepatitis Elimination

World Hepatitis Day Symposium

Thursday, 28 July 2015, 1pm to 5pm at the Doherty Institute of Infection and Immunity

This year sees the first ever World Health Organization's Global Strategy for Viral Hepatitis, which sets a goal of eliminating viral hepatitis as a public health threat by 2030.

To commemorate this, the ACHV and the Peter Doherty Institute of Infection and Immunity are presenting a half day symposium.

Distinguished speakers have been invited to share their work towards eliminating Viral Hepatitis .

Speakers include:

A/Prof Ben Cowie
Mr Jack Wallace
Professor Alex Thompson
Professor Margaret Hellard
Professor Stephen Locarnini
Dr Renae Walsh
A/Prof Peter Revill
A/Prof Steven Tong

For all enquiries, please contact Peter Revill (peter.revill@mh.org.au) or Margaret Littlejohn (margaret.littlejohn@mh.org.au)
