

14th Annual Spotlight on Hepatitis B: Getting back on track in the response to chronic hepatitis B

Date: Tuesday 26th July

Time: 9:30am – 2pm

Location: The Doherty Institute, 792 Elizabeth St
Melbourne VIC 3000 (Mezzanine level)

Format: Hybrid – attendees welcome in person or
online via Zoom

Free lunch and tea included

The Spotlight on hepatitis B is an annual
workforce development initiative coordinated by
the Victorian Hepatitis B Alliance (VHBA).

Spotlight on hepatitis B aims to improve the
treatment, management and care of people living
with chronic hepatitis B.

**Our theme for 2022 brings a focus to the need for
re-engagement in light of pandemic disruptions
to health services, and the renewal of the
Victorian strategic response.**

Speakers will include:

Elizabeth Birbilis Victorian Government Department of Health

Gabrielle Bennett – Victorian Viral Hepatitis Educator – St Vincent's
Melbourne

Jennifer MacLachlan – Viral hepatitis epidemiologist, Doherty
Institute

Jack Wallace – Senior Research Officer, Burnet Institute

Ben Cowie – ID physician and epidemiologist, Doherty Institute

A person with lived experience of chronic hepatitis B

This event welcomes:

- Health workers,
midwives, community
workers, clinicians
- People affected by
hepatitis B
- People working with
communities affected by
hepatitis B
